TROUBLE IS STILL BREWING. Inti-Bartholdt Men Threaten to "Stir

Up Something."
All the troubles of the Republicans in the Fenth Congressional District are not over. some of the anti-Bartholdt men have disovered that the new election law was not followed in the proceedings of the conven-tion held last Monday, and assert that they will "stir up something" in a few days. Section 22 of the election law governing Section 22 of the election law governing St. Louis reads as follows: Before entering upon their duties, the temporary and permanent chairman of every convention, and the chairman of any committee on contested seats therein, shall respectively take an oath to faithfully perform the duties of their offices, which oath may be taken before any officer authorized by law to administer an oath, and shall form a part of and be filed with the records of the convention."

part of and be filed with the records of the convention."

This provision was not observed in the convention which nominated Congressman Bartholdt. Otto F. Stifel acted as temporary and permanent chairman and took no oath. According to the law, this neklect may be reviewed by the courts in mandamus proceedings, or by a writ of certiorari upon complaint of a qualified voter.

Whether this will come up in the courts remains to be seen. Opponents of Bartholdt say that if there is a chance to undo the work of the convention because of this oversight, proceedings will be instituted.

DOWIE BROKE DOWN AT GRAVE. Grief-Stricken Over Untimely

Death of His Daughter. Chicago, Ill., May 16.-Grief-stricken over the untimely death of his only daughter, Esther, John Alexander Dowie broke down and sobbed convulsively to-day durng his conduct of the funeral service. The ing his conduct of the funeral service. The immense audience of his followers gave like expression of their sorrow and a pathetically dramatic scene followed.

From the time the funeral cortege left the home in this city until the body was interred in the Dowie Cemetery—the first to be committed there—the believers in the creed of "Elijah the Restorer" seemed to be awed by the calamity that had befallen their leader.

Several thousand persons attended the service here and at Zion City. In the tabernacie at the latter place, the white-robed choir of 600 chanted appripriate music. The ceremony was a simple one and was robed choir of 600 chanted appripriate music. The ceremony was a simple one and was attended with no unusual feature save the general manifestation of sympathy and sorrow. There is growing interest in the explanation which Dowle is expected to make of his calling a physician to administer to his daughter in her dying hours.

HARMONY EXPECTED TO FOLLOW. Factional Democratic Committees Are to Get Together at Kansas City. REPUBLIC SPECIAL.

Kansas City, Mo., May 16.-The final meeting of the subcommittees appointed to harmonize the difference between the rival Democratic County committees will be held Democratic County committees will be held to-morrow. A programme is scheduled to end the quarrels and result in a harmonious union of the long-quarreling factions.

The conference is to order one convention to select delegates to the two State conventions and nominate a county ticket at the same time. Such a convention would name the new county committee and the county ticket.

If there should be a split the State Convention would settle which delegation was legally elected and virtually settle the question for the county tickets, though, of course, an appeal could go to the Supreme Court, as it did before.

There is only one serious stumbling block, it is the county primary law passed by the last Legislature. Every lawyer on the two county committees is hunting for a way to get out of following the law. One plan is county committees is hunting for a way to get out of following the law. One plan is to have the primaries neld under the Elec-tion Commissioners and another is to let the subcommittees now in existence take charge and run the primary in the old way, without regard to the law.

LECTURES ON TRIP AROUND THE WORLD.

Daniel C. Nugent Interests Large Audience at the Young Men's Sodality Hall.

Daniel C. Nugent last night entertained a large audience at Young Men's Sodality Hall, corner of Grand and Laciede avenues,

by a repetition of his lecture on "A Trip Around the World." The subject matter of the lecture was pro-cured by Mr. Nugent on his voyage around the globe from San Francisco to New York, by way of the Sandwich Islands, Japan, and Philippine Islands, China, India, Egypt and Southern Europe. The journey required almost two years for its completion, includhistoric and natural interest in the itiner-7,000 ary. In the course of the trip Mr. Nugent ary. In the course of the trip Mr. Nugent secured several hundred photographs of the inhabitants, cities, landscapes, temples, houses and other notable objects of the various lands through which he traveled. These pictures were reproduced by means of a stereopticon, to illustrate his lecture.

The views that proved most interesting to his auditors, judging from the applause, were the wreck of the Spanish vessel Reina Cristina, destroyed by Admiral Dewey at the battle of Manila, and scenes around St. Peter's at Rome. Between those pictures, however, were faithful reproductions of the famous bronze figure of Buddha, in Japan; the temples and tombs of Delhi and the ruins of Egyptian cities.

Mr. Nugent told of his having received an answer from a note placed in a bottle by his little son and dropped into the indian Ocean while on the way to Madras, India. Four months after consigning the missive to the water it was found, Mr. Nugent said, by a British Consul in British East Africa, almost 5,000 miles from the place in which it fell. The Consul's letter inclosing the note reached St. Louis in the absence of Mr. Nugent and his family.

At intervals members of the Young Men's Institute, under whose auspices the lecture was given, rendered piano solos. cured several hundred photographs of the
